Why etc (v2)

v1 How

Do you crumble when we kiss,  
Bringing worthless life to this  
In an envelope of lies,

For now,  
In the life before your death,  
There is acid on your breath  
And a satire in your eyes

Sounding the alarm  
In the storm before the calm.

v2 Why

Do the circles blaze at night  
With a brilliant purple light  
That will call on you alone,

When I,  
Who could never take your life,  
Would supply you with the knife  
If you want to take your own;

Things are never as they seem  
On the bridge without a stream.

v3 See,

You are surely doomed to drown  
As the whirlpools pull you down  
With your feet tied to the rope,

But we,  
Who have bonded by our blood,  
Have to stand up to the flood  
In the name of lasting hope;

Knowing you were born  
When the sun went down at dawn.
