Lust and etc

v1 The firelight fills the room,
It gently permeates the gloom,
And warms the hearth on which we stand;

While, in the space between,
A subtle instinct moves unseen,
Enticing me to take your hand:-
Or is this just the way I'd always planned?

v2 Your face, awash with light,
Comes shining through the misty night,
A yellow beacon in the haze;
And surely, now, it seems
The sum of all my hopes and dreams
Are there within your trembling gaze:-
Or is it just my devious ends and ways?

Ch1 Lust and desire, like logs upon the fire, blaze away;
Lust and desire, in scheming plans, conspire our interplay.

Bridge 1 The firelight holds our shadows in a trance,
A still life held in wall to wall expanse
Within a slowly moving orange dance
Of wild and deep romance;
And, as our warm desires reach synthesis,
Our appetites, our lustful avarice,
Combine, within a deeper emphasis;
And so, now, as we close to kiss,
There's so much more to this.....

Ch2 Lust and desire, like coals upon the fire, blaze away;
Lust and desire drive all that we aspire to every day.

V3 I feel you closing in,
So delicate, so feminine,
My plans complete, success entire;
Our shadows still hold their trance,
But richer now in radiance,
And complex, like the flames within the fire,
So rich and vast, this thing called deep desire.

Ch3 Lust and desire, deep patterns in the fire that dance and sway;
Lust and desire, the colours of the fire, a rich array;
Lust and desire, composing, in the fire, our Passion Play.....
