CODA

90	C	C >>> D6	C	C >>> D6
94	G			

v1 Was that a fire burning on the hill,
A beacon to guide us on?
A mist that descends until
One blink, and the light has gone.

v2 Was that a star blazing in the sky,
A lantern to fix upon?
A cloud that slips quietly by,
One glance, and the light has gone.

===

br1 The here today so easy,
The gone tomorrow tough,
To celebrate the times we knew
With love is never quite enough;

br2 Eternity's ephemeral,
The whimsy of a flame,
The light before the darkness,

Still bright, but never quite the same.

===

v3 Was that a brightness within your eyes,
A light that has always shone?
A braveness that quietly dies,
No breath, and the light has gone.
