course

Held now in sunlight,
Bathed warm and lit bright,
Your hair reflects the golden force:
Things will shine today,
To warm us on our way,
And things will take their course.

Captured in moonlight,
To hold back the dark night,
Your face reflects the soft white source:
Things will glow tonight,
To keep our spirits bright,
And things will take their course.

Radiant in firelight,
Expectant and lit bright,
Your eyes shine soft to reinforce
That things will hold us here
To draw us ever near;
That things will take their course,
Things will take their course,
Things will take their course
