v1 The silver moon is smiling  
 As it shines upon the ocean:  
 Let's take the chance now, hand in hand,  
 To waltz together on the sand,  
 To seize the moment, grasp it if we dare:  
 A night like this, with wonder in the air.

v2 Could we hold a fathom  
 To the depth of this emotion?  
 Let's keep the feeling well in reach  
 And paso doble on the beach,  
 Hold the moment, lithe in firm embrace:  
 A night like this, a special time and place.

v3 Ah yes, the moon is smiling  
 At the warmth of this devotion,  
 Let's stay here dancing, side by side,  
 And tango on the rising tide,  
 Then close, compelled, drawn onward by a kiss,  
 To celebrate with love a night like this.
