v1 It's easy, when it's you,
To craft a line or two,
A seamless inspiration
Flowing through,
In natural stylish phrases
That summon up your praises:
So simple, so easy,
When it's you.

v2 It's natural, when it's you,
To keep the meaning true,
A trusted presentation
Of point of view;
Faithfully revealing
The many things I'm feeling:
So easy, so natural
When it's you.

v3 So simple, when it's you,
To carry it right through,
A full appreciation

Of what you do;
With words that still inspire me
And meanings that still fire me:
So natural, so easy
When it's you.
