v1 Silent clouds of black and grey
That catch the wind and drift away
To steal the light from Summer's day:
Night is drawing near

Tales that hang within the air
Of memories still present there,
Elusive and unclear:
Night is drawing near

Br Black and grey within the sky,
That hold the ever-wistful eye:
With time to notice time slip by:
Night is drawing near

===

v2 Leaves that lie in red and gold
To wilt within the Autumn cold,
While Summer loves are turning old,
And winter's drawing near

Tales that linger on the breeze,
Like memories, that softly tease
Of loves no longer here,
Or winters drawing near
