v1 A caution in the ether,  
 A warning in the air,  
 A vaguest threat of something not yet there

v2 A tremble in the canyon,  
 A shudder in the ground,  
 A tremor that has yet to issue sound

Br1 I sense a spirit yearning,  
 Desires that echo clear,  
 Mumbings and grumbings of changes near;

Br2 I sense a tide is turning,  
 A current running free,  
 Grumbings and rumblings of what will be;

v3 A candle in a tunnel,  
 A flicker in the dark,  
 The faintest trace of light form still to spark.
