v1 Moonlight

Brings a special kind of radiance  
That bathes our hopes in white:  
Can you see the moon tonight?

v2 Moonlight

Brings a special kind of twinkle  
That makes the stars shine bright:  
Do they shine on you tonight?

Br The day now past,

Its shadow cast,  
Relinquishes its legacy of pain;  
So moonlit hearts  
Can forge new starts,  
And darkened yearnings stir to light again.

v3 Moonlight

Brings a special kind of magic  
Where wishes glow with light:  
Shall we make a wish tonight?
