v1 Have you seen my buddies?
 I saw them only yesterday,
 And I don't understand
 Where have they gone today?

v2 Have you seen my wife?
 She was with me just an hour ago,
 And I can't comprehend
 Which way did she go?

Br 1 The vaguest recollections:
 Of noise within the sky,
 A flash of sudden light,
 Or time just rushing by;

Br 2 A rush of blind confusion,
 A chilling hint of fear,
 A sear of sudden heat,
 Or screams from somewhere near.

v3 Have you seen my children?
 They were laughing here right next to me,
 And I just stand bewildered
 By where could they be?
