v1 A puff of smoke illusion,
A dream that bursts and falls out of the sky;
To obvious conclusion
That even such as us could not deny:

ch 1 I'm falling out of you,
You're falling out of me,
And falling out's the best of things to be.

v2 An air of disillusion,
A sadness at what wasn't meant to be;
Yet bittersweet confusion
That nothing good could come of you and me:

ch 2 You're falling out of me,
I'm falling out of you,
And falling out's the best thing we can do.

ch 3 I'm falling out of you,
You're falling out of me,
Together we are falling out of we -
And fallen out's the best that we can be.
